

PRODUCT CATALOUQUE

EXPERIENCING
OIL FROM LAST
50 YEARS

Malashian Lube In Brief

About Us

Welcome to Malashian Lube, a leading name in the lubricant oils and grease manufacturing industry. Established 50 years ago, our factory is situated in Sawarda near Dudu, where we operate a 5000 sq ft facility with a storage capacity of 200 tons and a blending capacity of 10,000 liters per day. We are fully supported by our logistical partner for daily supply of goods, ensuring timely delivery across the nation.

Today, we take immense pride in our ability to meet and exceed customer expectations, supplying top-quality products nationwide. Thank you for choosing Malashian Lube—where innovation meets reliability.

Our commitment

Our commitment to quality is backed by our state-of-the-art lab, equipped with all necessary instruments to conduct comprehensive tests such as flash point, pour point, and density. This allows us to maintain the highest standards in our products, which we currently supply pan-India. Looking ahead, we are excited to expand our reach to international markets.

Our Sales

Our sales office, located in Narayan Vihar, boasts a team of 70 dedicated sales executives who manage our extensive network across India. Over the past five years, we have excelled in supplying bulk materials, including base oils, furnace oils, and rubber process oils, directly from the ports of Gujarat to major states like Delhi, MP, UP, Gujarat, Maharashtra, Telangana, and many others.

Our Journey

Malashian Lube was founded by the visionary Sitaram Gupta, whose entrepreneurial journey is a source of inspiration for our entire team. At the age of 19, he and his brother began their first business in Sikandra, selling tires, oils, and various automotive products. After moving to Jaipur post-marriage, Sitaram successfully established a multibrand car workshop and a transport business. Demonstrating remarkable skill in managing multiple ventures, he later entrusted these businesses to his brother and partners, respectively, and embarked on a new journey in oil manufacturing, thus giving birth to Malashian Lube.

A) ENGINE OILS

• DIESEL ENGINE OIL

"GROW YOUR ENGINE LIFE WITH MORE POWER"

- 1) MALASHIAN LUBE HEAVY LOAD CH-4 15W40 (FOR TRUCKS BS-3)
- 2) MALASHIAN LUBE HEAVY LOAD CI-4 PLUS 15W40 (FOR TRUCKS BS-4)
- 3) MALASHIAN LUBE CH-4 10W40 (FOR SMALL COMMERCIAL VEHICLE BS-3)
- 4) MALASHIAN LUBE CI-4 PLUS 10W40 (FOR SMALL COMMERCIAL VEHICLE BS-4)
- 5) MALASHIAN LUBE CH-4 20W40 (FOR SMALL COMMERCIAL VEHICLE BS-3)
- 6) MALASHIAN LUBE CI-4 PLUS 20W40 (FOR SMALL COMMERCIAL VEHICLE BS-4)

• PASSENGER CAR MOTOR OIL

"Unleash the Speed: Premium Engine Oils for High-Performance Cars"

- 1) MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 5W30
- 2) MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 10W30
- 3) MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 15W40
- 4) MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 20W40

• MOTOR CYCLE & SCOOTER OILS

"Drive Your Passion: Smooth, Fast, Unstoppable"

- 1) MALASHIAN LUBE HIGH SPEED 4T 10W30 API SL
- 2) MALASHIAN LUBE HIGH SPEED 4T 15W50 API SL
- 3) MALASHIAN LUBE HIGH SPEED 4T 20W40 API SL
- 4) MALASHIAN LUBE SCOOTER OIL 10W30 API SL
- 5) MALASHIAN LUBE FULLY ADVANCE PLUS 4T 10W30 API SN
- 6) MALASHIAN LUBE FULLY ADVANCE PLUS 4T 15W50 API SN
- 7) MALASHIAN LUBE FULLY ADVANCE PLUS 4T 20W40 API SN
- 8) MALASHIAN LUBE SCOOTER OIL 10W30 API SN

• THREE WHEELER OILS

"Reliability on Three Wheels: Unmatched Performance and Durability"

- 1) MALASHIAN LUBE AUTO POWER 10W30 API CF-4
- 2) MALASHIAN LUBE AUTO POWER 15W40 API CF-4
- 3) MALASHIAN LUBE AUTO POWER 20W50 API CF-4

B) AGRICULTURAL OILS

- **AGRI-BASED OILS**

"Boost Your Agri-Machines: High Efficiency and Longevity"

- 1) MALASHIAN LUBE TRACTOR POWER 15W40
- 2) MALASHIAN LUBE TRACTOR POWER 20W40
- 3) MALASHIAN LUBE PUMP SET OIL 20W40
- 4) MALASHIAN LUBE UTTO API GL-4

C) GEAR OILS

- **GEAR AND TRANSMISSION OILS**

"Smooth Shifts, Superior Protection: Advanced Gear and Transmission Oils"

- 1) MALASHIAN LUBE GEAR POWER 75W90 NEW GENERATION API GL-4
- 2) MALASHIAN LUBE GEAR POWER 80W90 NEW GENERATION API GL-4
- 3) MALASHIAN LUBE GEAR POWER EP-90 NEW GENERATION API GL-4
- 4) MALASHIAN LUBE GEAR POWER 85W140 NEW GENERATION API GL-4
- 5) MALASHIAN LUBE GEAR POWER EP-140 NEW GENERATION API GL-4
- 6) MALASHIAN LUBE ATF

D) COOLANTS

- **COOLANT**

"Keeping It Cool: Superior Coolant Solutions for All Vehicles"

- 1) MALASHIAN LUBE ICECOOL CONCENTRATE 1:3

D) ADBLUE

- **DIESEL EXHAUST FLUID**

"Cleaner Emissions, Better Performance: Diesel Exhaust Fluid for BS6 Compliance"

- 1) MALASHIAN LUBE DIESEL EXHAUST FLUID

F) INDUSTRIAL

- **HYDRAULIC OIL**
"Power Your Machinery: Reliable Hydraulic Oils"
- **BEARING OIL**
"Reduce Friction, Increase Efficiency: High-Quality Bearing Oils"
- **MACHINERY OIL**
"Maximize Machine Life: Premium Machinery Oils"
- **COMPRESSOR OIL**
"Unmatched Performance: Advanced Compressor Oils"
- **QUENCHING OIL**
"Superior Cooling: High-Efficiency Quenching Oils"
- **SPINDLE OIL**
"Precision and Performance: Top-Tier Spindle Oils"

G) GREASES

- **RED GEL GREASE**

"Ultimate Protection: High-Performance Red Gel Grease"

- 1) MALASHIAN LUBE MASSOL CALCIUM GREASE
- 2) MALASHIAN LUBE LUFROL LITHIUM GREASE

- **CHASSIS GREASE**

"Smooth Operation: Durable Chassis Grease"

- 1) MALASHIAN LUBE MASSOL CALCIUM GREASE
- 2) MALASHIAN LUBE LUFROL LITHIUM GREASE

- **ALL PURPOSE GREASE**

"Versatility at Its Best: All-Purpose Grease"

- 1) MALASHIAN LUBE MASSOL CALCIUM GREASE
- 2) MALASHIAN LUBE LUFROL LITHIUM GREASE

- **HIGH TEMPERATURE GREASE**

"Endure the Heat: High-Temperature Grease"

- 1) HT GREASE RED 250 DEGREE
- 2) HT GREASE YELLOW 200 DEGREE
- 3) HT GREASE GREEN 150 DEGREE

- **WHEEL BEARING GREASE**

"Roll Smoothly: Superior Wheel Bearing Grease"

H) BULK OILS

- **BASE OILS & PROCESS OIL**

"Bulk Solutions: Reliable Base and Process Oils"

1. SN 70
2. SN150
3. SN500
4. WHITE-N70
5. WHITE-N150
6. WHITE-N500
7. WHITE-N600
8. RUBBER PROCESS OIL
9. BITUMIN
10. RECYCLED 150NO.
11. RECYCLED 300NO.

OIL EXPERT***

DIESEL ENGINE OILS

MALASHIAN LUBE HEAVY LOAD CH-4 15W40

MALASHIAN LUBE HEAVY LOAD CH-4 15W40 is designed for heavy-duty trucks under BS-3 emission standards.

Offers exceptional protection and performance in severe operating conditions. Provides superior resistance to oxidation, thermal degradation, and high-temperature deposits.

Advanced additive package maintains engine cleanliness by preventing sludge and deposit build-up.

Ensures extended engine life and optimal performance.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE HEAVY LOAD CI-4 PLUS 15W40

MALASHIAN LUBE HEAVY LOAD CI-4 PLUS 15W40 is tailored for modern heavy-duty trucks meeting BS-4 emission norms.

Provides advanced protection against wear, oxidation, and high-temperature deposits.

Features enhanced formula to maintain engine cleanliness and extend oil life.

Prevents sludge formation and ensures reliable performance in extreme conditions.

Ensures optimal engine protection and longevity.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

DIESEL ENGINE OILS

MALASHIAN LUBE CH-4 10W40

MALASHIAN LUBE CH-4 10W40 is ideal for small commercial vehicles under BS-3 emission standards. Provides reliable protection across a wide temperature range for optimal engine operation. Controls oil consumption and prevents sludge build-up. Maintains engine cleanliness and ensures efficient performance in diverse conditions. Enhances engine longevity and reliability.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE CI-4 PLUS 10W40

MALASHIAN LUBE CI-4 PLUS 10W40 is formulated for small commercial vehicles meeting BS-4 emission standards. Provides superior protection against wear, corrosion, and high-temperature deposits. High-quality additive package maintains engine cleanliness and prevents sludge build-up. Ensures reliable engine performance and extends service intervals. Suitable for modern engines operating under challenging conditions.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

DIESEL ENGINE OILS

MALASHIAN LUBE CH-4 20W40

MALASHIAN LUBE CH-4 20W40 is designed for small commercial vehicles operating under BS-3 emission standards. Offers excellent protection and performance under severe conditions. Provides resistance to oxidation, wear, and sludge formation. Maintains engine stability across various temperatures for demanding applications. Ensures extended engine life and reliable operation.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE CI-4 PLUS 20W40

MALASHIAN LUBE CI-4 PLUS 20W40 is formulated for small commercial vehicles meeting BS-4 emission standards. Features advanced technology for superior protection against wear, corrosion, and high-temperature deposits. Maintains engine cleanliness and prevents sludge build-up for extended service intervals. Designed to meet the demands of modern engines under various driving conditions. Enhances engine performance and longevity.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

*Unleash the Speed: Premium Engine Oils for High-
Performance Cars*

THE LUBRICANT ***OIL EXPERT***

PASSENGER CAR MOTOR OILS

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 5W30

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 5W30 is engineered for high-performance passenger cars, offering excellent low-temperature flow and high-temperature stability.

Provides superior protection against engine wear, oxidation, and sludge formation.

Ensures smooth engine operation and extended oil change intervals.

Enhances fuel efficiency and performance in modern gasoline and diesel engines.

Meets the latest industry standards for high-performance oils.

Available Packs

500ml, 1L, 3.5L, 5L, 7.5L, 10 L, 20L

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 10W30

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 10W30 is designed for high-performance passenger cars, offering balanced protection and performance across a wide temperature range.

Provides excellent wear protection, oxidation resistance, and helps keep the engine clean by preventing sludge build-up.

Ensures optimal engine performance and extends service life.

Suitable for both gasoline and diesel engines meeting API SN and CF standards.

Available Packs

500ml, 1L, 3.5L, 5L, 7.5L, 10 L, 20L

PASSENGER CAR MOTOR OILS

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 15W40

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 15W40 is formulated for high-performance passenger cars, offering robust protection and performance in both high and low temperatures.

Ensures excellent engine cleanliness, wear protection, and resistance to high-temperature deposits.

Designed to enhance engine performance and fuel efficiency in modern engines.

Meets stringent API SN and CF standards for both gasoline and diesel engines.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 20W40

MALASHIAN LUBE ADVANCE TECHNOLOGY API SN/CF PLUS 20W40 is designed for high-performance passenger cars, providing excellent protection in extreme operating conditions.

Offers superior resistance to wear, oxidation, and high-temperature deposits.

Keeps engines clean and maintains optimal performance and fuel efficiency.

Meets the latest API SN and CF standards, ensuring compatibility with both gasoline and diesel engines.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MOTOR CYCLE & SCOOTER OILS

MALASHIAN LUBE HIGH SPEED 4T 10W30 API SM

MALASHIAN LUBE HIGH SPEED 4T 10W30 API SM is specially formulated for high-performance four-stroke motorcycles.

Offers excellent protection against engine wear, reduces friction, and ensures smooth gear shifting.

Enhances engine cleanliness and performance, providing optimal power and efficiency. Suitable for high-revving engines and extreme riding conditions.

Available Packs

900 ML

MALASHIAN LUBE HIGH SPEED 4T 10W30 API SM

MALASHIAN LUBE HIGH SPEED 4T 10W30 API SM is specially formulated for high-performance four-stroke motorcycles.

Offers excellent protection against engine wear, reduces friction, and ensures smooth gear shifting.

Enhances engine cleanliness and performance, providing optimal power and efficiency. Suitable for high-revving engines and extreme riding conditions.

Available Packs

1 LTR

MOTOR CYCLE & SCOOTER OILS

MALASHIAN LUBE HIGH SPEED 4T 15W50 API SM

MALASHIAN LUBE HIGH SPEED 4T 15W50 API SM is designed for high-performance four-stroke motorcycles, providing robust protection under extreme conditions.

Delivers superior engine protection, reduces wear, and enhances performance.

Maintains engine cleanliness and optimal power output.

Ideal for motorcycles operating in both high and low temperatures.

Available Packs

900 ML

MALASHIAN LUBE HIGH SPEED 4T 15W50 API SM

MALASHIAN LUBE HIGH SPEED 4T 15W50 API SM is designed for high-performance four-stroke motorcycles, providing robust protection under extreme conditions.

Delivers superior engine protection, reduces wear, and enhances performance.

Maintains engine cleanliness and optimal power output.

Ideal for motorcycles operating in both high and low temperatures.

Available Packs

GEAR OILS

MALASHIAN LUBE GEAR POWER EP-90 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER EP-90 is a high-quality gear oil designed for extreme pressure applications.

Provides excellent load-carrying capacity, protecting gears under high stress and severe conditions.

Formulated with special additives to resist oxidation, rust, and foam, ensuring reliable gear performance.

Suitable for use in differentials and manual transmissions, offering exceptional protection and performance.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE GEAR POWER EP-140 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER EP-140 is formulated for extreme pressure and high-load applications, ensuring exceptional gear protection.

Provides excellent lubrication and load-carrying capabilities, reducing gear wear and extending service life.

Features advanced additives to prevent rust, oxidation, and foaming, maintaining optimal performance.

Suitable for use in heavy-duty gearboxes and differentials.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

GEAR OILS

MALASHIAN LUBE GEAR POWER 75W90 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER 75W90 is a high-performance gear oil designed for modern gearboxes and differentials. Provides excellent protection against wear and tear, ensuring smooth and efficient gear shifting. Formulated with advanced additives to prevent rust, corrosion, and foaming, extending the life of gear components. Suitable for a wide range of temperatures, offering reliable performance in both high and low conditions.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE GEAR POWER 80W90 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER 80W90 is engineered for heavy-duty applications, providing superior protection for gears and transmission systems. Offers excellent lubrication, reducing friction and wear under extreme operating conditions. Contains advanced additives to combat rust, corrosion, and oxidation, ensuring long-term gear performance. Designed for use in both manual transmissions and differentials, maintaining smooth operation.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

GEAR OILS

MALASHIAN LUBE GEAR POWER 75W90 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER 75W90 is a high-performance gear oil designed for modern gearboxes and differentials. Provides excellent protection against wear and tear, ensuring smooth and efficient gear shifting. Formulated with advanced additives to prevent rust, corrosion, and foaming, extending the life of gear components. Suitable for a wide range of temperatures, offering reliable performance in both high and low conditions.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE GEAR POWER 80W90 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER 80W90 is engineered for heavy-duty applications, providing superior protection for gears and transmission systems. Offers excellent lubrication, reducing friction and wear under extreme operating conditions. Contains advanced additives to combat rust, corrosion, and oxidation, ensuring long-term gear performance. Designed for use in both manual transmissions and differentials, maintaining smooth operation.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

GEAR OILS

MALASHIAN LUBE GEAR POWER 85W140 NEW GENERATION API GL-4

MALASHIAN LUBE GEAR POWER 85W140 is designed for high-load and high-stress applications, providing superior protection for gears.

Ensures smooth operation and long-term protection even under extreme operating conditions. Contains advanced additives to prevent wear, oxidation, and foaming, enhancing gear longevity. Ideal for use in heavy-duty differentials and manual transmissions.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE ICECOOL CONCENTRATE 1:3

MALASHIAN LUBE ICECOOL CONCENTRATE 1:3 is a high-performance coolant designed to provide optimal temperature control and protection for your vehicle's engine.

Formulated with advanced antifreeze technology, it ensures excellent cooling efficiency, preventing engine overheating and freezing in extreme conditions.

Offers superior corrosion and rust protection, extending the life of the radiator and cooling system components.

The concentrate can be mixed with water in a 1:3 ratio to achieve the desired cooling and protection levels.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MALASHIAN LUBE DIESEL EXHAUST FLUID

MALASHIAN LUBE DIESEL EXHAUST FLUID (DEF) is a high-quality, urea-based solution designed to reduce nitrogen oxide (NOx) emissions from diesel engines, ensuring compliance with BS6 emission standards.

The fluid works with Selective Catalytic Reduction (SCR) systems to convert harmful NOx gases into harmless nitrogen and water vapor.

Formulated to meet stringent quality standards, it guarantees effective emission reduction, optimal engine performance, and extended component life.

Provides excellent stability and resistance to degradation, ensuring consistent performance and reliability in various operating conditions.

HYDRAULIC OIL

MALASHIAN LUBE HYDRAULIC OIL is formulated to enhance the performance of hydraulic systems by providing exceptional lubrication and protection under high-pressure conditions.

It minimizes wear and tear on hydraulic components, extends equipment life, and maintains operational efficiency.

Designed with advanced additives to resist oxidation, foam formation, and rust, ensuring reliable performance across a wide temperature range.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

BEARING OIL

**IMAGE YET
TO COME**

BEARING OIL

MALASHIAN LUBE BEARING OIL is designed to provide superior lubrication and protection for bearings used in various industrial applications.

It effectively reduces friction and wear, ensuring smooth operation and extending the service life of bearings.

With excellent thermal stability and resistance to oxidation, this oil maintains performance and protects components even in demanding environments.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

MACHINERY OIL

**IMAGE YET
TO COME**

MACHINERY OIL

MALASHIAN LUBE MACHINERY OIL is formulated to provide reliable lubrication for a wide range of machinery, including industrial and manufacturing equipment. It offers excellent protection against wear and corrosion, ensuring smooth operation and reducing downtime.

Suitable for a broad range of operating conditions, it delivers consistent performance and extends the life of your machinery.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

COMPRESSOR OIL

**IMAGE YET
TO COME**

COMPRESSOR OIL

MALASHIAN LUBE COMPRESSOR OIL is engineered for lubricating air compressors, ensuring efficient operation and long-term reliability.

It reduces friction and wear, manages heat, and prevents sludge and deposit formation.

Designed to maintain performance in high-pressure and high-temperature environments, it enhances the durability of compressor components.

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

QUENCHING OIL

**IMAGE YET
TO COME**

QUENCHING OIL

MALASHIAN LUBE QUENCHING OIL is used in heat treatment processes to rapidly cool and harden metals, ensuring desired mechanical properties and performance.

It provides effective cooling while minimizing the risk of thermal stress and cracking.

Formulated for excellent thermal stability and oxidation resistance, it supports consistent quality and high productivity in metalworking operations

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

SPINDLE OIL

**IMAGE YET
TO COME**

SPINDLE OIL

MALASHIAN LUBE SPINDLE OIL is specifically designed for high-speed spindles and precision equipment, providing excellent lubrication and protection. It reduces friction and wear, ensuring smooth operation and accuracy in high-speed applications.

The oil offers superior thermal stability and resistance to oxidation, contributing to the longevity and reliability of spindle bearings.

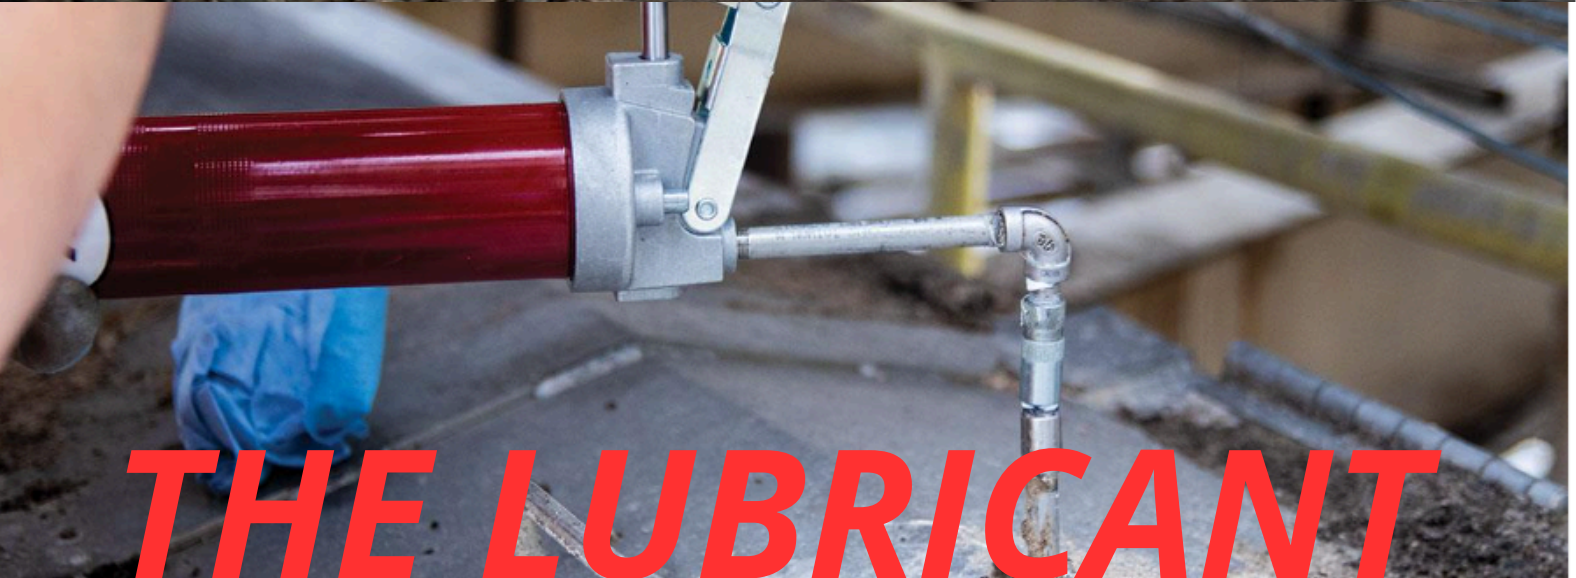

Available Packs

500ml, 1L , 3.5L , 5L , 7.5L , 10 L , 20L

THE LUBRICANT
GREASE EXPERT

A close-up shot of several metal components, likely bearings or rollers, coated with a thick layer of red grease. The components are arranged in a row, showing the texture of the grease and the metallic surfaces.

Ultimate Protection: High-Performance

RED GEL GREASE

MALASHIAN LUBE CALCIUM GREASE

Malashian Lube Calcium Grease is a versatile and high-quality grease, formulated with refined base oils and calcium soap thickener. It provides excellent water resistance, good adhesion, and superior lubrication in moderate temperature conditions. Ideal for general-purpose applications, including automotive, agricultural, and industrial machinery, Malashian Lube Calcium Grease ensures smooth operation, reduces wear, and protects against corrosion, even in moist or humid environments. Its easy-to-apply texture makes it suitable for both manual and automatic lubrication systems, ensuring longevity and reliability in performance.

Available Packs

500 Gm , 1 kg , 2 kg , 3 kg , 5 kg , 10 kg , 18kg

MALASHIAN LUBE LITHIUM GREASE

Our premium Malashian Lithium Grease is engineered for high performance across a wide range of applications. Known for its exceptional durability and versatility, this grease offers superior lubrication, reducing wear and friction in critical components. Formulated with high-quality base oils and fortified with additives, it provides excellent resistance to water, heat, and oxidation, ensuring long-lasting protection even under extreme operating conditions.

Available Packs

500 Gm , 1 kg , 2 kg , 3 kg , 5 kg , 10 kg , 18kg

Versatility at Its Best: All-Purpose Grease

AP-3 GREASE

MALASHIAN LUBE CALCIUM GREASE

Malashian Lube Calcium Grease is a versatile and high-quality grease, formulated with refined base oils and calcium soap thickener. It provides excellent water resistance, good adhesion, and superior lubrication in moderate temperature conditions. Ideal for general-purpose applications, including automotive, agricultural, and industrial machinery, Malashian Lube Calcium Grease ensures smooth operation, reduces wear, and protects against corrosion, even in moist or humid environments. Its easy-to-apply texture makes it suitable for both manual and automatic lubrication systems, ensuring longevity and reliability in performance.

Available Packs

500 Gm , 1 kg , 2 kg , 3 kg , 5 kg , 10 kg , 18kg

MALASHIAN LUBE LITHIUM GREASE

Our premium Malashian Lithium Grease is engineered for high performance across a wide range of applications. Known for its exceptional durability and versatility, this grease offers superior lubrication, reducing wear and friction in critical components. Formulated with high-quality base oils and fortified with additives, it provides excellent resistance to water, heat, and oxidation, ensuring long-lasting protection even under extreme operating conditions.

Available Packs

500 Gm , 1 kg , 2 kg , 3 kg , 5 kg , 10 kg , 18kg

Smooth Operation: Durable Chassis Grease

LONG-RUN GREASE

MALASHIAN LUBE CALCIUM GREASE

Malashian Lube Calcium Grease is a versatile and high-quality grease, formulated with refined base oils and calcium soap thickener. It provides excellent water resistance, good adhesion, and superior lubrication in moderate temperature conditions. Ideal for general-purpose applications, including automotive, agricultural, and industrial machinery, Malashian Lube Calcium Grease ensures smooth operation, reduces wear, and protects against corrosion, even in moist or humid environments. Its easy-to-apply texture makes it suitable for both manual and automatic lubrication systems, ensuring longevity and reliability in performance.

Available Packs

500 Gm , 1 kg , 2 kg , 3 kg , 5 kg , 10 kg , 18kg

MALASHIAN LUBE LITHIUM GREASE

Base and Process Oils***

BASE OILS

SN 70

- Viscosity Index: 80
- Flash Point: $\geq 200^{\circ}\text{C}$ (392°F)
- Pour Point: $\leq -12^{\circ}\text{C}$ (10.4°F)
- European Standards: EN 29600
- American Standards: ASTM D445
- Indian Standards: IS 1448 P: 25

SN 150

- Viscosity Index: 90
- Flash Point: $\geq 210^{\circ}\text{C}$ (410°F)
- Pour Point: $\leq -15^{\circ}\text{C}$ (5°F)
- European Standards: EN 29600
- American Standards: ASTM D445
- Indian Standards: IS 1448 P: 25

SN 500

- Viscosity Index: 100
- Flash Point: $\geq 220^{\circ}\text{C}$ (428°F)
- Pour Point: $\leq -20^{\circ}\text{C}$ (-4°F)
- European Standards: EN 29600
- American Standards: ASTM D445
- Indian Standards: IS 1448 P: 25

BASE OILS

WHITE-70

- Viscosity Index: 70
- Flash Point: $\geq 180^{\circ}\text{C}$ (356°F)
- Pour Point: $\leq -10^{\circ}\text{C}$ (14°F)
- European Standards: EN 29600
- American Standards: ASTM D445
- Indian Standards: IS 1448 P: 25

WHITE-150

- Viscosity Index: 80
- Flash Point: $\geq 200^{\circ}\text{C}$ (392°F)

BITUMIN & RUBBER PROCESS OIL

BITUMIN

MALASHIAN LUBE BITUMIN is used primarily in road construction and industrial applications for its adhesive and waterproofing properties. Offers excellent performance as a binder in asphalt mixes, providing durability and resistance to wear and weathering. Suitable for use in various types of paving and sealing applications.

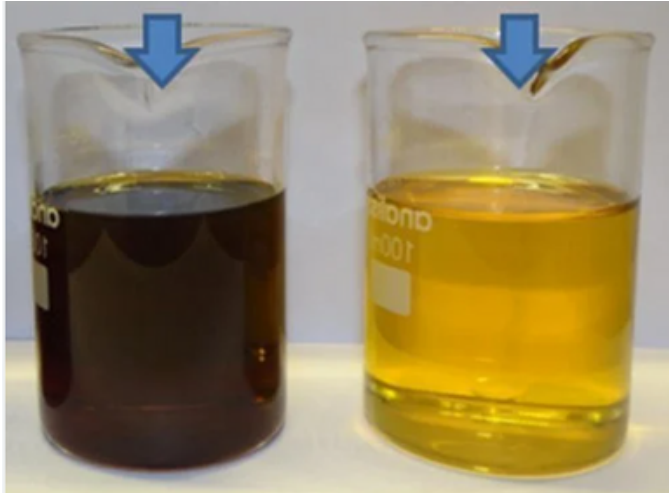

RUBBER PROCESS OIL

MALASHIAN LUBE RUBBER PROCESS OIL is designed for use in the rubber industry to enhance the processing and performance of rubber compounds. Provides excellent compatibility with various rubber types, improving the flow and dispersion of additives during processing. Helps achieve desired properties in the final rubber products, such as improved strength and flexibility.

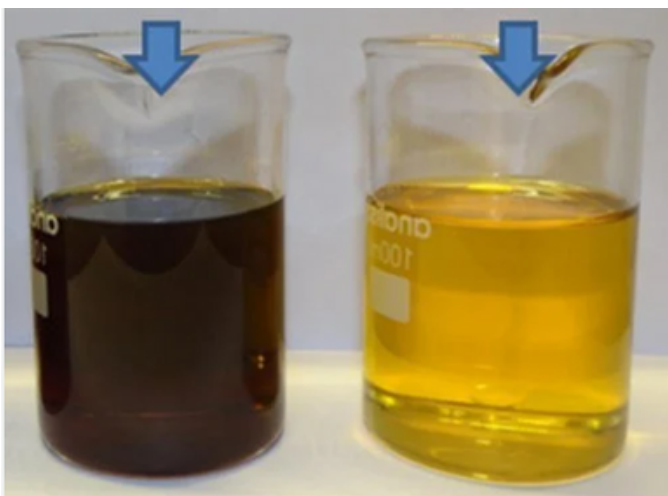

RECYCLED BASE OILS

RECYCLED 150NO.

Recycled Oil 150NO is a high-quality reclaimed oil that offers an eco-friendly and cost-effective solution for various industrial applications. Refined through an advanced recycling process, this oil retains excellent lubricating properties while reducing environmental impact. It provides reliable performance in low to moderate temperature operations, ensuring smooth machinery functioning and protection against wear and corrosion. Ideal for non-critical lubrication applications, Recycled Oil 150NO helps lower operational costs while contributing to sustainability efforts, making it a smart choice for businesses aiming to reduce their carbon footprint without compromising on quality.

RECYCLED 300NO.

Recycled Oil 300NO is a robust, eco-conscious oil designed for industrial applications requiring higher viscosity and durability. This oil undergoes a refined recycling process that preserves its key performance characteristics, offering effective lubrication while promoting sustainability. It is well-suited for use in heavy-duty machinery and equipment, providing excellent protection against wear, rust, and oxidation. Recycled Oil 300NO delivers reliable performance in high-temperature and high-load conditions, making it an ideal choice for businesses looking to reduce costs and environmental impact without compromising on operational efficiency.
